

South Africa at EuroScience Open Forum

ESOF 2016, 23-27 July 2016, Manchester

The EuroScience Open Forum (ESOF) is a biennial, pan-European, general science conference dedicated to scientific research and innovation.

It will take place between 23 and 27 July in Manchester, bringing together stakeholders including policy makers, journalists innovators, students and educators from around the world.

South Africa, through the Department of Science & Technology has participated actively in the last few editions of ESOF and will continue to do so at ESOF 2016. South Africa will be present at various sessions, engaging on broad issues that are of relevance globally, bringing a developing country perspective to the conversations that will be taking place at ESOF.

You are invited to engage with the South African delegation at the following:
